RE: Application of South Carolina Electric & Gas Company for a Certificate of Environmental Compatibility and Public Convenience and Necessity for the Construction and Operation of a 230 kV Transmission Line from Its Denny Terrace Transmission Substation to Its Pineland Transmission Substation
Docket No. 2010-238-E

Dear Ms. Boyd:

By Order No. 2010-713, dated October 21, 2010, issued in Docket No. 2010-238-E, the Public Service Commission of South Carolina ("Commission") granted South Carolina Electric & Gas Company ("SCE&G") a Certificate of Environmental Compatibility and Public Convenience and Necessity for the construction and operation of the Denny Terrace-Pineland 230-kV transmission line in Richland County, South Carolina. In doing so, the Commission required SCE&G to notify the Commission and the South Carolina Office of Regulatory Staff ("ORS") once all necessary rights of way from the affected landowners are secured and provide proof that such rights have been obtained. By this letter and in compliance with Order No. 2010-713, SCE&G hereby notifies the Commission that it has obtained the necessary rights of way from the affected landowners and provides an affidavit of Mr. Hubert C. Young, III as proof thereof.

By copy of this letter and in compliance with Order No. 2010-713, we are also providing ORS with notification that the necessary rights of way have been obtained and with Mr. Young's affidavit as proof thereof.

If you have any questions, please advise.

Very truly yours,

Matthew W. Gissendanner
